

EDUCATION

- **Yonsei University, Seoul, Korea** Mar. 2023 – Present
B.S. in Computer Science & Engineering GPA: 3.45/4.3
- **Boin Autonomous Private High School, Seoul, Korea** Mar. 2020 – Feb. 2023
Private School Following An Unique Curriculum CSAT Percentile Rank Average: 94.83/100

EXPERIENCE

- **Yonsei Fencing Club** Mar. 2024 – Present
Committee
 - Confronted with lots of physical and mental hardships.
 - Took part in many national competitions as an individual or a team.
- **Student Council** May. 2023 – Present
Executive Member
 - Participated as an executive member of Yonsei International Campus Student Representative Council.
 - Participating as an executive member of the student council of Yonsei University Dept. of CS and Engineering.
- **BISI-A Physics Researching Academy** Jun. 2020 – Dec. 2021
President Student
 - Managed other students to research on individual's interests
 - Researched on fluid mechanics to find generalized equation between surface tension, momentum and volume on quickly moving fluid

RESEARCH INTERESTS

- **Machine Learning**
- **Computer Architecture**
- **Gravitational Field**

PROJECTS

- **Reinterpretation of Potential Energy:** Researching possibilities of the new perspective of gravitational potential energy to describe 'Dark Matter'.

SKILLS

- **Programming Languages:** Python, C++
- **Languages:** Korean(native), English(intermediate)
